

Guidance: Farmers: how to apply for funding to improve animal health and welfare

Apply for funding for a vet to visit your farm to reduce endemic diseases and conditions, increase animal productivity and improve animal welfare.

Guidance: Salmonella in poultry: testing laboratories in the UK

Approved laboratories for testing of salmonella in poultry, broilers and turkeys under the Salmonella National Control Programmes.

Guidance: Laying Hen Housing for Health and Welfare grant round 1

Apply for a grant to add a veranda onto, or to upgrade or replace existing laying hen or pullet housing to improve animal health and welfare.

Official Statistics: England's material footprint

Statistics on the material footprint, or raw material consumption, associated with final demand in England.

Form: Meat products: model health certificates

Competent authorities of exporting countries should use the relevant model health certificate as a template to create a version exporters can apply for to export meat products to Great Britain, the Channel Islands or Isle of Man.
