News story: Emergency pesticide authorisation to protect sugar beet crop conditionally approved

The pesticide will only be used if there is a threat to the crop, and stringent controls are attached to protect the environment

Press release: Hedgerow regulations to be brought into law to protect wildlife

English hedgerows will be protected in law as the government sets out its plans for domestic hedgerow regulations, following a consultation last year.

<u>Press release: UK and Faroe Islands</u> <u>reach agreement on fishing</u> <u>opportunities for 2024</u>

UK secures over 2,200 tonnes of fishing quota through annual negotiations with the Faroe Islands

Policy paper: Fisheries: bilateral agreement with the Faroe Islands for 2024

Agreed record of the annual consultations held between the UK and the Faroe

<u>Consultation outcome: Protecting</u> <u>hedgerows in England</u>

Seeking views on how we can best protect hedgerows and the wildlife they support through English law.
