The Environment Agency consults the public on certain applications for waste operations, mining waste operations, installations, water discharge and groundwater activities. The arrangements are explained in its [Public Participation Statement](#)

These notices explain:

- what the application is about
- how you can view the application documents
- when you need to comment by

The Environment Agency will decide:

- whether to grant or refuse the application
 - what conditions to include in the permit (if granted)
-

Open consultation: The proposed introduction of the Offshore Environmental Civil Sanctions Regulations 2018

We're seeking stakeholders' views on proposals to introduce powers, via The Offshore Environmental Civil Sanctions Regulations 2018, to enable the Department for Business, Energy and Industrial Strategy's Offshore Petroleum Regulator for Environment & Decommissioning (OPRED) to impose civil sanctions in respect of breaches of some existing offshore oil and gas environmental regulations, which presently amount to criminal offences.

The proposed sanctions would apply to offshore oil and gas operators engaged in hydrocarbon-related activities (i.e. oil and gas operations, gas unloading and storage operations and carbon dioxide storage operations) on the United Kingdom Continental Shelf.

Consultation outcome: The proposed introduction of the Offshore Environmental Civil Sanctions Regulations 2018

Updated: Government response published.

We're seeking stakeholders' views on proposals to introduce powers, via The Offshore Environmental Civil Sanctions Regulations 2018, to enable the Department for Business, Energy and Industrial Strategy's Offshore Petroleum Regulator for Environment & Decommissioning (OPRED) to impose civil sanctions in respect of breaches of some existing offshore oil and gas environmental regulations, which presently amount to criminal offences.

The proposed sanctions would apply to offshore oil and gas operators engaged in hydrocarbon-related activities (i.e. oil and gas operations, gas unloading and storage operations and carbon dioxide storage operations) on the United Kingdom Continental Shelf.
