[National Statistics: Monthly sea fisheries statistics June 2017](#)

The monthly landings statistics will be released at 9.30am on the 4th Friday of each month, or the next working day if this is a bank holiday.

[Official Statistics: National Forest Inventory statistics: England and aligned areas](#)

Statistical report on woodland area, net area under tree canopy, standing volume, number of measureable trees, biomass and carbon stocks in live woodland trees, forms of woodland management, softwood and hardwood timber availability forecasts, and also the current stocks within woodland of the ash, oak, sweet chestnut and larch tree species to aid their protection from tree health threats. The overall purpose is to provide an evidence base for Forest Services in England of the woodland within each aligned area for use in partnership working and towards the protection, improvement and expansion of the woodland resource in England.
