

Notice: Canal and River Trust (NPS/WR/021595): application made to abstract water

The Environment Agency consults the public on certain applications for the abstraction and impoundment of water.

These notices explain:

- what the application is about
- which Environment Agency offices you can visit to see the application documents on the public register
- when you need to comment by

National Statistics: Northern Ireland local authority collected municipal waste management statistics report: October to December 2016

This report presents provisional information on the quantities of local authority collected municipal waste managed in Northern Ireland. It provides information on the quantities and rates of local authority collected waste arisings, sent for preparing for reuse, for dry recycling, composting, energy recovery and sent to landfill. Some of these measurements are key performance indicators. These are used to assess progress towards achieving waste strategy targets and where appropriate this is highlighted in the tables and charts.

Statutory guidance: Local Authority Pollution Control: general guidance

manual

Local authorities who regulate businesses are usually district or borough councils. If an area has only one council (a unitary council) then that's the regulator. The Port Health Authority may be the regulator in port areas.

This guidance helps local authorities:

- follow statutory guidance under regulation 64 of the Environmental Permitting Regulations (EPR)
- understand the EPR's main functions, procedures and terminology

Any businesses whose premises produce pollution are known as "installations". These installations are one of the following:

- [part A2](#), sectors regulated under integrated pollution prevention and control, known as Local Authority Industrial Pollution Prevention and Control (LA-IPPC)
- [part B](#), known as Local Air Pollution Prevention and Control (LAPPC)

Collection: Local Air Pollution Prevention and Control (LAPPC): process guidance notes

Updated: Added combustion and incineration documents.

Statutory process guidance (PG) notes on best available techniques (BAT) for the main sectors regulated to control their air emissions ('Part B' activities).

Collection: Integrated pollution prevention and control: sector

guidance notes

Statutory sector guidance (SG) notes which set out best available techniques (BAT).
