

Guidance: Biodiversity metric: calculate the biodiversity net gain of a project or development

When and how to use the biodiversity metric to assess the value of a project or development to wildlife.

Guidance: Understanding biodiversity net gain

Guidance on what biodiversity net gain is and how it affects land managers, developers, and local planning authorities.

Guidance: Combining environmental payments: biodiversity net gain (BNG) and nutrient mitigation

How land managers can combine biodiversity units and nutrient credits, and sell them alongside other environmental payments.

Research: Avian influenza (bird flu) in Europe, Russia and the UK

Preliminary and updated outbreak assessments for avian influenza (bird flu) in Europe, Russia and the UK.

Guidance: Restriction of hazardous substances (RoHS) exemptions for electrical and electronic equipment: how to apply

How to apply for an exemption to use a restricted substance to manufacture electrical and electronic equipment.
