

Form: Bovine (live): model health certificates

Competent authorities of exporting countries should use the relevant model health certificate as a template to create a version exporters can apply for to export live bovine to Great Britain, the Channel Islands or Isle of Man.

Form: Equines: model health certificates

Competent authorities of exporting countries should use the relevant model health certificate as a template to create a version exporters can apply for to export equines to Great Britain, the Channel Islands or Isle of Man.

Official Statistics: United Kingdom Food Security Report 2021

The report sets out an analysis of statistical data relating to food security, fulfilling the duty in the Agriculture Act 2020 to present a report on food security to Parliament at least once every three years. The UKFSR examines past, current, and predicted trends relevant to food security to present the best available understanding of food security.

Press release: Red tape cut to reduce cost of importing wine to the UK from 1 January

UK to stop EU rules requiring VI-1 certificates for importing wine from many non-European countries.

Form: Petfood: model health certificates

Competent authorities of exporting countries should use the relevant model health certificate as a template to create a version exporters can apply for to export petfood to Great Britain, the Channel Islands or Isle of Man.
