

Environment Agency launches Flood Action Campaign 2020

Research released to coincide with Flood Action Week (9th – 15th November) highlights how flood damage could have an even more devastating impact on victims than usual this winter, with half of adults saying they feel their ...

Report urges farmers to play their part to meet climate ambition

Scottish farmers have the opportunity to be “the champions and not the victims” of climate change, according to a new report.

Consultation outcome: Non-elephant ivory trade: call for evidence

Seeking evidence on trade in ivory from other, non-elephant, species to help inform what, if any, action government should take to further restrict trade in ivory.

Milking the opportunities of soya alternatives in dairy rations

With soya sustainability a growing concern for consumers and retailers, SAC Consulting has been exploring the use of alternative, high-performing proteins in dairy feed rations for farmers.

Detailed guide: Issuing plant passports to move regulated plant material in the EU

How growers and traders can get authorised to issue plant passports, when you need to be authorised and the plants that need passports.
