

Corporate information: Department for Environment, Food & Rural Affairs – Statistics at Defra

We publish national and official statistics relating to the environment, rural communities, food, farming and biosecurity.

Free calf health and management advice for dairy farmers

Dairy farmers will learn about reducing calf losses, the impact of early disease detection, calf nutrition and maximising growth performance at an open farm event organised by SRUC.

Guidance: Forest reproductive material news

Sign up to the forest reproductive material (FRM) newsletter – for trade news, including information about any legislation or regulatory changes.

Improving the welfare of laying hens

A multi-million pound European-wide project to improve the conditions of egg-laying chickens is launched today (Friday 4 October), to coincide with World Animal Day.

Detailed guide: EIA (Agriculture) regulations: apply to make changes to rural land

Find out when you need to apply for an environmental impact assessment (EIA) screening or consent decision to change rural land use.
