

Rural perspectives on Brexit presented in the House of Lords

The common and distinct challenges facing rural areas in Scotland, England, Wales and Northern Ireland were discussed at the House of Lords during an event co-organised by SRUC's Rural Policy Centre,

Rural Brexit at the House of Lords

The common and distinct challenges facing rural areas in Scotland, England, Wales and Northern Ireland were discussed at the House of Lords during an event co-organised by SRUC's Rural Policy Centre.

Weight of expectation

A new research project involving SRUC aims to improve UK production efficiency by enabling farmers to determine the optimum mature size for beef cattle and sheep.

Glasgow geothermal project heats up with first borehole

The first borehole is being drilled at the UK Geoenery Observatory for Glasgow, allowing scientists to 'see' underground at the world-class geothermal energy research site in the east end of the city. Further information on UKGEOS: [UK Geoenery Observatories](#)

SRUC Principal joins Scottish Science Advisory Council

The Principal and Chief Executive of SRUC, Professor Wayne Powell is to join the Scottish Science Advisory Council (SSAC).
