

Research and analysis: Bathing waters in England: compliance reports

Updated: 2017 compliance report updated to correct the classification for Crackington Haven from “Good” to “Excellent”.

These reports set out the classifications for bathing waters in England based on monitoring.

Earlier reports are available on the [bathing waters](#) page.

New research using hydrogen aims to take the carbon out of heating

The British Geological Survey (BGS) will lead the case study to support the decarbonisation of heating for large UK cities using novel hydrogen-based technology in the recently funded ELEGANCY research project. This project is one of five supported by the UK Department for Business, Energy and Industrial Strategy (BEIS) with co-funding from the EU.
