

Guidance: Biodiversity metric: calculate the biodiversity net gain of a project or development

When and how to use the biodiversity metric to assess the value of a project or development to wildlife.

Form: Meat products: model health certificates

Competent authorities of exporting countries should use the relevant model health certificate as a template to create a version exporters can apply for to export meat products to Great Britain, the Channel Islands or Isle of Man.

Form: Bovine germinal products: model health certificates

Competent authorities of exporting countries should use the relevant model health certificate as a template to create a version exporters can apply for to export bovine embryos to Great Britain, the Channel Islands or Isle of Man.

Form: Rural land and entitlements RLE1 form and guidance

Make changes to your digital maps, register new land and transfer entitlements by sub-lease or inheritance.

Guidance: Bird flu: rules on meat produced from poultry and farmed game birds originating in disease control zones

Rules food businesses should follow for any meat produced from poultry or farmed game birds originating within a disease control zone.
