

ESAs announce public hearing on ESG disclosures

The three European Supervisory Authorities (EBA, EIOPA and ESMA – ESAs) will organise a public hearing on proposed environmental, social and governance (ESG) disclosure standards for financial market participants, advisers and products.

The aim of the public hearing is to explain and discuss the content of the consultation paper published on 23 April, on the draft RTS under the Regulation on sustainability-related disclosures in the financial services sector. The hearing will be of interest to any stakeholder affected by the Regulation on sustainability-related disclosures in the financial services sector, such as financial market participants, financial advisers, including their representative associations, environmental associations, investor representatives or consumer bodies, and consultants or academics and representatives from the EU and national institutions

To attend the hearing, please register by 25 June using the form available on the [public hearing](#) page. Registered participants will receive information on how to join the hearing online or by dial-in after the close of the registration period.
