Net short position reporting threshold

On 16 March, ESMA issued a [decision](#) temporarily requiring the holders of net short positions in shares traded on a European Union (EU) regulated market to notify the relevant NCA if the position reaches or exceeds 0.1% of the issued share capital after the entry into force of the decision. The measure remains in force until 16 June and can be renewed.

ESMA, in coordination with NCAs, continues to monitor developments in financial markets as a result of the COVID-19 situation and is prepared to use its powers to ensure the orderly functioning of EU markets, financial stability and investor protection.
