

ESMA updates register of derivatives to be traded on-venue under MiFIR

Today's update consists of adding to the list several UK venues where some of the classes of derivatives subject to the trading obligation are available for trading.

The register provides clarity to market participants on the application of the trading obligation under MiFIR and in particular on:

- the classes of derivatives subject to the trading obligation;
- the trading venues on which those derivatives can be traded; and
- the dates on which the obligation takes effect per category of counterparties.
