

ESMA updates the Q&As on ESMA's temporary product intervention measures

The updated Q&As provide clarification on the application of the temporary product intervention measures in relation to rolling spot forex.

The purpose of this Q&A is to promote common supervisory approaches and practices in the application of ESMA's temporary product intervention measures in relation to the marketing, distribution or sale of CFDs and Binary options to retail clients. It aims at market participants.

Next steps

ESMA will continue to monitor this Q&A on ESMA's temporary product intervention measures on the marketing, distribution or sale of CFDs and Binary options to retail clients in the coming months and will review and update them where required.
