EUIPO's top 25 e-users: Q4 2019

The ranking of our top online users in the European Union is now available online for the fourth quarter of 2019.

The top 25 ranking includes users registered as representatives, or groups of representatives, comprising of associations, lawyers, EUIPO professionals and employee representatives and is linked to SP 2020 Line of Action 5 (LoA n.5): Enhance customer-driven quality services.

Their use of our online applications for EUTM/RCD, designs and oppositions has to be 99% or higher compared to their total volume of filings.

In addition, they have to be active eCommunication users.

The full table of rankings can be found by following the link below and more information about EUIPO's statistics can be found [here](#)
