Preparation of the Eurogroup and ECOFIN meetings, 19-20 February 2018

Vice-President **Dombrovskis** and Commissioner **Moscovici** will represent the European Commission at today's Eurogroup and tomorrow's ECOFIN meeting. Today, the ministers will take stock of progress made with the implementation of the remaining prior actions of the third review of the stability support programme for Greece. The Eurogroup will be debriefed on the post-programme surveillance mission to Ireland. The ministers will hold two discussions on the deepening of EMU: on the future of the ESM and the way forward on the Banking Union. The latter debate will take place in the inclusive format. Commissioner **Moscovici** will participate in the press conference following the meeting. On Tuesday, the Council will exchange views on the EU's approach towards sustainable finance, following the recent recommendations by the High-Level Expert Group established by the Commission. Later in March, the Commission is due to present its Action Plan for a financial system that supports sustainable investments. Ministers will also discuss issues related to the **EU budget**, namely the budgetary discharge for 2016 and guidelines for negotiations on the budget for 2019. The Council is expected to issue a recommendation on the nomination of a new vice-president of the **European Central Bank**. Vice-President **Dombrovskis** will participate in the press conference following the ECOFIN. *(For more information: Johannes Bahrke – Tel.: +32 229 58615; Vanessa Mock – Tel.: +32 229 56194; Annikky Lamp – Tel.: +32 229 56151; Enda McNamara – Tel.: +32 229 64976, Letizia Lupini – Tel.: +32 229 51958; Patrick McCullough – Tel.: +32 229 87183)*

Key railway connection between Romania and Hungary modernised with Cohesion Policy funds

€1.3 billion from the [Cohesion Fund](#) is invested in the modernisation of the rail corridor from the town of Curtici, on the border between Romania and Hungary, and Constanța, by the Black sea. Works will focus on significantly increasing speed and safety on the section between Curtici and the town of Simeria, upgrading 13 train stations on the line, improving signalling and passenger information systems and building adjacent infrastructure such as bridges and tunnels. Commissioner for Regional policy Corina **Crețu** said: *"Each euro from the EU budget invested in this railway enhances territorial cohesion and economic competitiveness in Romania, further connects the country with Hungary and the rest of Europe and ensures clean, fast and safe mobility. That's a project with 65% EU co-financing and 100% EU value added."* The railway connection, part of the [Orient-East Med](#) and [Rhine-Danube](#) corridors of the Trans-European Transport Network ([TEN-T](#)), crosses Romania from West to East. Several sections on the railway have been or are currently being financed with other EU funds, such as the Connecting Europe Facility ([CEF](#)) and European Investment Bank ([EIB](#)) funding. *(For more information: Johannes Bahrke – Tel.: +32 229 58615; Maria Tsoni – Tel.: +32 229 90526)*

Publication of latest agri-food trade figures: EU agri-food exports are holding strong

The value of EU agri-food exports reached €137.9 billion in 2017, corresponding to a sustained increase by 5.1% in value terms compared to 2016. Published today by the European Commission, the [latest monthly trade report](#) details the export values for different sectors and origin. Major gains in annual values have been achieved in agri-food exports to the USA (+6%), Russia (+16%) and several Asian markets: Japan (+11%), China (+5%), Hong Kong (+10%) and South Korea (+13%). The sectors of wine, pet food and spirits and liqueurs performed very well in terms of exports over the last 12 months. On the other hand, wheat and other cereals and pig meat exports decreased. EU agri-food imports also increased but at a slower pace than exports meaning that the trade balance for agri-food products remains positive with an export surplus at €20.5 billion. The full report is [online](#). *(For more information: Daniel Rosario – Tel.: +32 229 56185; Clémence Robin – Tel: +32 229 52509)*

La Commission approuve une nouvelle appellation d'origine protégée pour un vin de Hongrie

La Commission européenne a approuvé la demande d'inscription des vins hongrois "[Monor, Monori](#)" dans le registre des appellations d'origine protégées (AOP). Les vins produits sous l'appellation "Monor, Monori" peuvent être blancs, rosés ou rouges. Les blancs et rosés sont vifs et frais avec des arômes floraux tandis que les rouges ont plutôt des arômes de fruits ou épices. Ils sont issus de différents cépages de variétés internationales et traditionnelles hongroises, tels que le Cabernet franc, le Kékfrankos, le Chardonnay ou le Hárslevelű, tous cultivés autour de la ville de Monor dans le centre du pays. La région se prête bien à la culture de la vigne. Les températures varient en fonction de la saison, mais jamais de manière extrême. La production de raisin dans la zone délimitée a commencé au XVe siècle, lorsque des vignes ont été plantées après le défrichage de vastes zones boisées. Cette nouvelle appellation va rejoindre plus de 1755 vins déjà protégés dont la liste est disponible dans la base de données [e-bacchus](#). Pour plus d'informations, voir aussi les pages sur la [politique de qualité](#). *(pour plus d'information: Daniel Rosario – Tel: +32 2 29 56185; Clémence Robin – Tel: +32 229 52 509)*

State aid: Commission approves State financing for Czech Post's universal service obligation

The European Commission has found State support to Czech Post for the provision of the postal universal service obligation in the Czech Republic between 2013 and 2017 to be in line with EU State aid rules. In particular, Czech Post delivers universal postal services throughout the country at affordable prices and at certain minimum quality requirements. Czech Post will be compensated through direct grants from the State budget of a maximum

of CZK 2.6 billion (approximately €97.63 million) for the entire period. The Commission assessed the measure under [EU State aid rules on public service compensation](#), which allow companies to be compensated for the extra cost of providing a public service under certain conditions. The rules enables Member States to grant state aid for the provision of public services whilst at the same time making sure that companies entrusted with such services are not overcompensated, which minimises distortions of competition and guarantees an efficient use of public resources. The Commission concluded that the compensation to Czech Post is in line with EU State aid rules. The compensation granted to Czech Post is based on a sound methodology, which ensures that it will not exceed the cost of the public service mission. More information will be available, once potential confidentiality issues have been resolved, in the public [case register](#) on the Commission's [competition](#) website under the case number SA.45281. *(For more information: Ricardo Cardoso – Tel.: + 32 229 80100; Yizhou Ren – Tel.: +32 229 94889)*

Mergers: Commission clears acquisition of newly created joint venture between HASCO and Magna

The European Commission has approved, under the EU Merger Regulation, the proposed acquisition of joint control over the newly created joint venture HASCO Magna Electric Drive System Co., Ltd (“E-Drive”) by Huayu Automotive Systems Company Ltd. (“HASCO”), both of China, and Magna International Inc. (“Magna”) of Canada. E-Drive Ltd aims to assemble e-motors, gearboxes, inverters and other related parts into an e-drive powertrain system and sell it to original equipment manufacturers. HASCO, controlled by Shanghai Automotive Industry Corporation Group of China, is active in the production and sale of automotive components for a variety of car manufacturers. Magna is active globally in the manufacture and supply of automotive components, including e-drive power train systems. The Commission concluded that the proposed acquisition would raise no competition concerns because of the negligible actual and foreseen activities of E-Drive in the European Economic Area. The transaction was examined under the simplified merger review procedure. More information is available on the Commission's [competition](#) website, in the public [case register](#) under the case number M.8753. *(For more information: Ricardo Cardoso – Tel.: + 32 229 80100; Yizhou Ren – Tel.: +32 229 94889)*

Eurostat: La production dans le secteur de la construction en hausse de 0,1% dans la zone euro

En décembre 2017 par rapport à novembre 2017, la production dans le secteur de la construction, corrigée des variations saisonnières, a augmenté de 0,1% dans la zone euro (ZE19) et de 0,6% dans l'UE28, selon les premières estimations d'Eurostat, l'office statistique de l'Union européenne. En novembre 2017, la production dans le secteur de la construction avait progressé de 0,2% dans la zone euro et de 0,5% dans l'UE28. Un communiqué de

presse est disponible [ici](#). (Pour plus d'informations: Lucia Caudet – Tél.: +32 229 56182; Maud Noyan – Tél.: +32 229 80379)

ANNOUNCEMENTS

Circular Economy Stakeholder Conference: delivering on the circular economy and discussing plans for the future

Tomorrow and Wednesday, the Commission and the European Economic and Social Committee will host in Brussels the third Circular Economy Stakeholder Conference. Organised back-to-back with the [EU Industry Day](#), this stakeholder conference, an initiative of the Juncker Commission, will bring together businesses, local authorities, and citizens to discuss recent initiatives and new areas of action in the transition to a more circular, resource-efficient and low-carbon economy. They will also examine the recently adopted [EU Strategy for Plastics](#) and consider possible actions in this area, such as the on-going work on single use plastics and local initiatives, synergies, partnerships and business cases for more sustainable use of plastics. Participants will also share the first achievements of the [European Circular Economy Stakeholder Platform](#) that was established last year. Commission First Vice-President **Timmermans** will open the conference and highlight the successes and remaining challenges of the transition towards a circular economy; Vice-President **Katainen** will focus on opportunities linked to the international angle of the circular economy; Commissioner **Bieńkowska** will discuss the industrial dimension and Commissioner **Vella** will encourage businesses and public authorities to become “more circular” through ambitious plans and actions. The Commission has already delivered most of the actions presented in its [2015 Action Plan](#) for the Circular Economy and is counting on the support of citizens, stakeholders, the European Parliament and the Council to make a faster move from traditional linear economic models to more innovative and efficient circular systems of production and consumption. The conference can be followed live [here](#) and the programme is available [here](#). (Lucía Caudet – Tel.: +32 229 56182; Enrico Brivio – Tel.: +32 229 56172)

Future of EU finances – Commissioner Oettinger meets with Italian Finance Minister Pier Carlo Padoan

Commissioner Günther H. **Oettinger**, in charge of Budget and Human Resources, will meet with Italian Finance Minister Pier Carlo Padoan on Tuesday, 20 February 2018 in Brussels, to discuss the future of EU finances and the next Multi-Annual Financial Framework (#EUBudget). Building on the [Reflection paper on the future of EU finances](#) that Commissioner **Oettinger** presented together with Commissioner **Creţu**, as well as the Communication “A new, modern Multiannual Financial Framework for a EU that delivers efficiently on its priorities post-2020”, the debate has also been taken up by the European Parliament, where two own initiative reports are being prepared. Heads of

State or Government are also scheduled to discuss the next Multi-Annual Financial Framework at their informal meeting on 23 February. The Commission launched a series of [public consultations](#) on the priorities of the EU and stakeholders' views will be taken into account when preparing the next MFF, to be presented in early May 2018 at the latest. As part of this ongoing debate, Commissioner **Oettinger** has invited the Finance Minister of Italy, Pier Carlo Padoa-Schioppa, to share his perspective on the future of EU finances with key stakeholders from the European Parliament and high-ranking Commission officials and representatives from a number of Brussels think tanks. See also a speech "[A Budget Matching our Ambitions](#)" given by Commissioner Günther H. **Oettinger** at the conference "[Shaping our Future](#)" on 8 January 2018. [EIB to announce EUR 69 million new investment in Rwanda](#)

During a high-level visit to Kigali later this week the European Investment Bank is expected to confirm EUR 69 million of new infrastructure and private sector investment in Rwanda. This will include announcement of the EIB's first public sector investment in the country to support construction of the first public sewage system in Rwanda. Once operational the new sewage network will both transform the urban environment in Kigali and further enhance recognition of Rwanda's capital as a green city.

New credit lines to support investment by entrepreneurs and small business across the country will also be unveiled.

The European Investment Bank is the world's largest international public bank owned directly by the 28 EU member states and has operated in Rwanda since 1977.

"The European Investment Bank is a key international financing partner for our country and I welcome new EIB support for public and private investment across Rwanda to be confirmed during their visit to Kigali. This will also provide an opportunity to discuss future investment across a number of sectors in Rwanda by the European Investment Bank." said Claver Gatete, Rwandan Minister of Finance and Economic Planning.

"As the EU Bank the European Investment Bank is committed to supporting transformational investment in both infrastructure and the private sector to improve lives and enhance economic opportunities across Africa. The EIB has significantly increased engagement in Rwanda in recent years and we look forward to strengthened cooperation with Rwanda partners in the years ahead.

The visit to Kigali marks the start of a new era of EIB support for public sector investment in Rwanda and enhanced support for private sector investment across the country. My colleagues and I look forward to discussions with Ministers, senior banking and business representatives and international partners to see how to contribute to Rwanda's ambitious Vision 2020 initiative and further enhance EIB activity in Rwanda in the years ahead." said Maria Shaw-Barragan, EIB Director responsible for lending operations outside Europe ahead of the visit.

"The European Union works closely with Rwandan partners to improve sustainable development reduce poverty and better protect natural resources across the country. The European Investment Bank has an impressive track record improving key services and unlocking private sector investment across Africa. This visit demonstrates the EIB's firm engagement in Rwanda and East Africa and building on recent increased activity will ensure that the EIB's unique technical experience and financial expertise can benefit future generations of Rwandans." said Ambassador Nicola Bellomo, Head of the Delegation of the European Union to Rwanda.

The EIB delegation includes the bank's director responsible for lending outside Europe, head of public sector operations in Africa, heads of the EIB Regional Representation to East Africa and senior financial experts covering Rwanda. During the two-day visit the EIB will discuss current operations and future activity with the Minister of Finance, representatives of Rwandan banks and international financial institutions and Ambassadors.

Last year the European Investment Bank provided EUR 2.6 billion for new investment across Africa. This included support for agriculture, energy, telecom, transport and water infrastructure, as well as microfinance lending and private sector investment across the continent.

Sugar sector: Council agrees on the reimbursement of excess levies between 1999 and 2001

Press contacts

Maria Daniela Lenzu

Press officer

+32 2 281 21 46

+32 470 88 04 02

On 19 February 2018 the Council decided on a recalculation of the sugar

production levies for the years 1999/2000 and 2000/2001. The objective of the adopted regulation is to comply with a judgment of the European Court of Justice (ECJ) from February 2017, which ruled that the production levies for the sugar sector between 1999 and 2001 had been wrongly calculated, resulting in sugar producers being over-charged.

I am pleased to announce that today's decision enables us to put right the wrongs of the past and ensure that those sugar producers who were over-charged are fully refunded.

Rumen Porodzanov, Minister of agriculture, food and forestry of the Republic of Bulgaria and President of the Council

In order to comply with the ECJ judgment, the regulation adopted by the Council provides for sugar producers and beet growers to be reimbursed for the excess sums unduly paid between 1999 and 2001.

The overall impact to the EU budget has been calculated at €195.3 million, out of which €93.1 million for the levies and €102.2 million for the estimated interest costs.

The common market organisation (CMO) in the sugar sector was set up in 1968 with the aim of ensuring a fair income for EU producers and self supply of the EU market, and since then it has been periodically reviewed. In order to support European growers and processors, the sugar sector was originally subject to price support and production quotas, that were ended on 30 September 2017.

Sugar levies were inherently linked to the sugar quota regime. Under the CMO rules, producers overshooting their quota had to pay a surplus levy on such quantities. These levies were then paid into the EU budget.

The adopted regulation will enter into force on the day following its publication and shall apply from:

- 13 October 2000, as regards the 1999/2000 marketing year
- 12 October 2001, as regards the 2000/2001 marketing year
