As of 1 July Estonia will hold its first ever six month Presidency of the Council of the European Union. The four priorities of the presidency focus on issues related to innovation, safety and security, digitalisation and free movement of data. These priorities are all, directly or indirectly, linked to the responsibilities of eu-LISA, the European Agency in charge of the operational management of large-scale IT systems for security and justice.

On 17-18 October eu-LISA will host a high-level conference '[Going Digital for a Safe and Secure Europe](#)' in Tallinn, supported by the Estonian Presidency, to focus on IT solutions that help ensure Europe's internal security. Further details are also available in the events section of the [presidency website](#).

With the headquarters of the Agency located in Tallinn, Estonia, eu-LISA is honoured to also host several groups of stakeholders that will convene for presidency events and are interested to learn directly about eu-LISA's present and near future core tasks.
