

Elise Barbé and Sunniva McDonagh take office as new Chair and Vice-Chair of FRA's Management Board

Elise Barbé, FRA Management Board Chairperson

Respect for fundamental rights is essential to rule of law. The work of the Fundamental Rights Agency, based on data collection and analysis, will be crucial in this historic health crisis we are currently experiencing. I am honoured to be able to contribute to it and to participate in the promotion of fundamental rights as Chair of the agency's Management Board," said the new Chairperson Elise Barbé.

Elise Barbé is the French member of FRA's Management Board. She has a long judicial career in France, having worked as a juvenile, family, labour and criminal court judge. She has also been a French Supreme Court judge since 2014. Apart from that, she has held key positions in the French Ministry of Justice and in the French General Secretariat for European Affairs (*Secrétariat Général des Affaires Européennes*) and regularly lectured on human rights law and European law.

Sunniva McDonagh is a member of the Irish Human Rights and Equality Commission (IHREC). She is a Senior Counsel practising at the Bar of Ireland Chair of the Irish Mental Health Tribunal since 2009. She has previously been a member of the Penal Strategy Review Group (under Ireland's Justice and Equality Department) and a member of the Refugee Appeals Tribunal.

The FRA [Management Board](#) is the agency's independent oversight body. It is responsible for adopting the agency's multiannual Programming Document, and its annual Fundamental Rights Report. It monitors the Agency's operations and adopts its budget. It also appoints the Agency's Director, as well as the members of its Scientific Committee.

The FRA Management Board is composed of one independent member per Member State, nominated for five years. Members have high-level responsibilities in national human rights institutions or other public or private sector organisations.

Two representatives of the European Commission and one independent person appointed by the Council of Europe also sit on the Board.

Members from North Macedonia and Serbia participate as observers in the work of the FRA Board. For a [complete list of members](#) see the FRA website.

ESMA issues second report on sanctions under MiFID II

The European Securities and Markets Authority (ESMA), the EU's securities markets' regulator, has published today its [second report](#) on sanctions and measures imposed under the Markets in Financial Instruments Directive (MiFID II) by National Competent Authorities (NCAs)

Overall, in 15 (out of 30) EEA Member States, NCAs imposed a total of 371 sanctions and measures in 2019 of an aggregated value of about €1.8 million.

The Report provides an overview of the applicable legal framework and the sanctions and measures imposed by NCAs under the MiFID II framework during the year 2019. Due to differences in the identification of sanctions and measures for the purpose of the reporting to ESMA and the length of the enforcement processes, the data does not provide at this time the basis for detailed statistics, clear trends or tendencies in the imposition of sanctions and measures.

Next Steps

The information included in this Report will contribute to ESMA's work aimed at fostering supervisory convergence in the application of MiFID II.

EUIPO joins the WIPO Digital Access Service (DAS)

July 13, 2020 [General](#)

EUIPO joins the WIPO Digital Access Service (DAS)

As from 11/7/2020 the EUIPO will become an Office of First Filing, making priority documents for designs (RCD) available in DAS.

The WIPO Digital Access Service (DAS) helps you meet the [Paris Convention](#)'s requirements for providing priority and similar documents to participating offices, without the need to obtain and send multiple certified paper copies of an application. Instead, simply ask the office where you are claiming the priority (the Office of Second Filing) to directly download a copy of the document from DAS.

By agreeing to allow the EUIPO to send a record of your RCD application (first filing) to WIPO, the EUIPO will provide you with a DAS code that can be used to claim priority for subsequent filings made with other [participating intellectual property \(IP\) offices](#).

To use this feature, applicants should leave the corresponding checkbox ticked in the EUIPO RCD e-filing form (see below). Upon completing the RCD e-filing, the DAS code will be provided in the application receipt, which is generated upon the submission of the application online. The corresponding DAS code can then be used to claim priority for subsequent filings made to other IP offices.

I want to claim ⓘ

▶ Have you applied for the same Community design in the last six months (priority)? + Add priority ⓘ

WIPO DAS ⓘ

▶ I want to use the WIPO DAS system to exchange priority documents for this Community design. ☒

Cancel Save

The EUIPO has introduced fast-track changes to its [guidelines](#) to reflect this new service.

The EUIPO will be acting as an Office of Second Filing later in the year, whereby we will accept priority claims indicated by a DAS code. There will be no need for the applicant to submit any documents. Instead, the code provided in the priority claim will allow the EUIPO to request the immediate download of the priority document registered in DAS.
