

Eurostat regional yearbook 2019 – Regional diversity in the EU – how does your region compare?

Is it easier to find a job in your region than in other regions of the **European Union** (EU)? Is the median age of the population higher or lower than elsewhere in the EU? What are the main business activities of your region? How much money is invested in research and innovation? Is your region richer than others? Which region has the highest internet use?
