

Exponential Growth

From the Curator of Museum Services at the University of Dundee :

Exponential Growth features new work by Graphic Design and Illustration students from Duncan of Jordanstone College of Art & Design, one of a series of events celebrating the centenary of D'Arcy Thompson's landmark book On Growth and Form.

Over the past few weeks, the students have created an amazing variety of sketches, objects, illustrations, collages and magazine layouts inspired by D'Arcy's ideas and collections, the best of which will be shown in the exhibition.

Open now and running until into the New Year – details below :
