

FCD0 statement on seizure of Greek vessels

Government response

The FCD0 has released a statement on the seizure of two Greek vessels on the 27 May.

An FCD0 spokesperson said:

We strongly condemn the seizing of two Greek vessels on the 27 May in the Gulf by the Islamic Revolutionary Guard Corps (IRGC). Iran's actions pose a significant threat to the safety and security of shipping and violate the fundamental principles of freedom of navigation. We call on Iran to immediately free the crew and the two vessels.
