

Form: Plant varieties: technical questionnaires

Updated: Technical questionnaire (field bean) has been updated.

An application for plant breeder's rights and National Listing of agricultural and vegetable crops must include:

- a completed, signed, application form
- a completed technical questionnaire for the particular species, including a confidential section if required
- application fee and completed remittance advice slip for plant breeders' rights
- application fee and completed remittance advice slip for National Listing

A colour photograph showing the representative features of the variety must also be provided with plant breeders' rights applications for ornamentals.
