

Friends of Wighton event this Saturday!

From Sheena Wellington :

**Saturday 27th April : Christine Kydd, singer and songwriter
Wighton Heritage Centre – Central Library – starts 11am**

Check any online folk music station or magazine these days and chances are that there will be someone running out of superlatives to describe Christine Kydd's latest CD "Shift & Change."

Christine is, of course, one of Scotland's leading, award-winning singers and recording artistes.

With eclectic tastes, she is best known for her treatment of traditional and contemporary songs and her solo set is as likely to include self-penned songs as the work of Marra, Springsteen, Hulett, Wellington, McVicar, Jacob, Tannahill and Reid.

Admission £5; coffee and newspapers available from 10.30am.
