

Getting things done – Ancrum Drive Lock-ups – an update #dundeewestend

Back in January, before the COVID-19 health emergency lockdown, on behalf of residents, I asked Hillcrest Enterprises as factors if it would consider improving the road surface around the lock-ups in Ancrum Drive as it was very potholed and muddy at the lock-ups.

Hillcrest's Housing Manager (Operations) had advised that "... the cost of tarmac would be prohibitive but we can of course look at some practical repairs and maintenance." It was originally hoped to undertake this in the spring but the health emergency prevented this but it has now proved possible to improve the surface as the "after" photos now show.

I am grateful to Hillcrest for undertaking this as the road surface is much improved.
