## <u>Getting things done - Ancrum Road and</u> Lochee Road #dundeewestend

A number of residents recently contacted me about blocked road drains in parts of Ancrum Road and Lochee Road. As one resident advised:

"I was driving up Lochee Road and Ancrum Road earlier this afternoon and the road gullies were all choked and the roads and footpaths were all severely flooded."

I raised this with the City Council's Roads Maintenance Partnership and have received the following helpful reply:

"The roads inspector has raised an order for five gullies to be cleared as soon as resources are available."
