

Getting things done – Balgay Park #dundeewestend

Residents recently highlighted to me concerns about speeding motor bikes and scrambler bikes going through Balgay Park.

I raised this concern with both the City Council and Police Scotland and have received this helpful update from our local community police sergeant :

“Thank you for bringing the below to our attention.

We will bear this in mind when out on foot patrol and deal with any issues we come across in an appropriate fashion.

I have also advised the Divisional Road Policing Unit Inspector so that traffic vehicles can bear this area in mind when out on patrol.”
