

Getting things done – Bellefield Avenue #dundeewestend

A number of residents have asked if the City Council arrange to clean the road edges/gullies in Bellefield Avenue. This follows on from some other local streets in the Perth Road Lanes having the gully cleaner visit recently.

I took this up with the council's Roads Maintenance Partnership and have received the following positive response :

"Baillie Macpherson

(The local inspector) has asked the gully machine to visit the gullies in Bellefield Avenue."
