

Getting things done – fencing damage at Pleasance Court #dundeewestend

Following concerns raised by a resident with me yesterday about the damage to fencing at the side of Pleasance Court, I immediately raised this with the fence owners, Home Scotland.

See photo – right :

The broken fencing was lying across the public pavement at the Brewery Lane/Brook Street junction.

Home Scotland's Maintenance Surveyor responded very promptly late yesterday afternoon as follows :

"I have attended and removed the fence from the street. We will now organise repair / replacement. Thanks for bringing this to our attention."
