

Getting things done – Roseangle car park and playpark #dundeewestend

I am grateful to the residents who recently highlighted to me the fallen fence between the car park and playpark at Roseangle.

I contacted both City Development at the council (responsible for the car park) and Neighbourhood Services (responsible for the playpark) and the Head of Environment responded helpfully as follows :

“I can confirm that the local environment manager has picked this issue up and is arranging for an urgent repair.”
