

Getting things done – Tullideph Street

I highlighted at the latest meeting of Community Spirit Action Group residents' complaints about a bad pothole in Tullideph Street along from the Tullideph Road junction. I had reported this to the City Council.

The council's Roads Maintenance Partnership has now advised me that :

"An order has ... been raised for the repair of a pothole on Tullideph Street approaching the Tullideph Road junction with a timescale for repair of approximately twenty eight days. There is currently a slight backlog with pothole repairs however additional resources have been allocated to address this."
