

## Getting things done – walkway near Clovis Duveau Drive #dundeewestend

Many thanks to the residents who recently contacted me about the extent of graffiti in the pedestrian tunnel from near Clovis Duveau Drive towards Invergowrie.

I contacted both environment management at the council to get it cleaned up and am grateful for the prompt response promising action which has now been carried out.

I am also grateful to the community safety wardens who, at my request, are including the area into their patrolling schedule.
