The Financial Secretary, Mr Paul Chan, said, "The latest issuance of iBond has been warmly received by the public, with the volume of applications and the total application amount both achieving record highs since the iBond's inaugural issuance in 2011. The issuance of iBond has not only

provided the public with a safe investment choice of steady return under the current low interest rate and uncertain investment environment, but also further enhanced the investing public's interest in and awareness of bond investments, thereby promoting the development of the retail bond market in Hong Kong."
