

Government appeals to foreign domestic helpers to continue to fight the virus together (with photo)

â€‹The Government today (February 7) strongly appeals again to all sectors including foreign domestic helpers (FDHs) to fight the virus together. The Food and Environmental Hygiene Department (FEHD) conducted joint operations with several government departments again over the past weekend to carry out publicity and educational work at popular places in different districts where FDHs commonly gather, appealing to them to raise awareness of epidemic prevention and comply with the various anti-epidemic regulations and restrictions.

The FEHD, in collaboration with the Hong Kong Police Force, the Labour Department, relevant District Offices, the Immigration Department and the Leisure and Cultural Services Department, conducted joint operations over the past two days (February 5 and 6) at various public places in the Central and Western, Wan Chai, Yau Tsim, Mong Kok, Sham Shui Po, Shatin, Sai Kung and Tsuen Wan districts, near popular FDH gathering places during weekends and public holidays. Apart from arranging for cleaning contractors to strengthen the street cleaning services at the relevant spots, the FEHD also stepped up patrols to combat unlicensed hawking activities. During the operation, about 34 kilograms of food were seized. Promotional leaflets in multiple languages were also distributed by the FEHD to appeal to FDHs to maintain environmental hygiene and refrain from conducting unlicensed hawking activities. FDHs were also reminded by other government departments to comply with the regulations on mask wearing and the prohibition of group gatherings in public places.

To minimise the risk of COVID-19 transmission, the spokesman strongly appealed to all to stay vigilant and comply with the relevant regulations on prevention and control of disease in a concerted and persistent manner. The FEHD will continue its enforcement actions and publicity efforts. All sectors including FDHs are reminded to exercise self-discipline and co-operate to fight the virus together.
