

Government cautions public on online video about investment plan purported to be recommended by CE

A Government spokesman today (January 9) cautioned the public not to believe in a forged video created by artificial intelligence circulating online about an investment plan with high returns purported to be recommended by the Chief Executive. The Government clarified that the video is totally fictitious with fraudulent intent, and strongly condemned those who have attempted deception in the name of the Chief Executive.

The spokesman reminded members of the public to not be taken in by similar investment-related advertisements or promotional videos. They should not provide their personal information online, sign up for mobile applications or open any links. Members of the public should remain vigilant and verify the authenticity of such content.

The incident has been referred to the Police for a follow-up investigation.
