

# Government condemns violent protest at LegCo complex

The HKSAR Government strongly condemns and deeply regrets the extremely violent acts committed by some protesters who stormed the Legislative Council (LegCo) Complex this afternoon (July 1), using a roll cage trolley as a ram and iron poles to shatter glass doors of the LegCo.

A Government spokesman said Hong Kong is a society that respects the rule of law, and has never tolerated violence. Protesters who resort to violence must stop their acts immediately. The Police will take appropriate enforcement action to protect public order and safety.
