

Government enforces “restriction-testing declaration” and compulsory testing notice in respect of specified “restricted area” in Sun Tin Wai Estate, Sha Tin

The Government yesterday (February 26) exercised the power under the Prevention and Control of Disease (Compulsory Testing for Certain Persons) Regulation (Cap. 599J) to make a "restriction-testing declaration" effective from 6pm yesterday, under which people (hereafter referred to as "persons subject to compulsory testing") within the specified "restricted area" in Sha Tin (i.e. Foo Wai House, Sun Tin Wai Estate, Sha Tin, excluding Hong Kong Sheng Kung Hui Shatin Children & Youth Integrated Services Centre Jockey Club Youth Express on G/F) were required to stay in their premises and undergo compulsory testing. Persons subject to compulsory testing are required to stay in their premises until all such persons identified in the "restricted area" have undergone testing and the test results are mostly ascertained.

In addition, the Government had issued a compulsory testing notice yesterday to any person who had been present at the above building for more than two hours from February 13 to February 26, 2022, even if they were not present in the "restricted area" at the time when the declaration took effect, must undergo compulsory testing on or before February 28, 2022. As a mutant strain is involved, for prudence's sake, vaccinated persons and persons who have recently been tested are also required to undergo testing.

The Government finished the compulsory testing exercise at around 3pm today (February 27) and is now carrying out enforcement actions in the "restricted area" to verify that all people in the "restricted area" have undergone compulsory testing. The Government will further announce the revocation time of the declaration.

Starting from around 3pm today, persons in the "restricted area" in Sha Tin who have undergone testing and are able to present SMS notifications with negative test results as proof of having undergone testing may leave the "restricted area" through the designated exit after providing personal information to a prescribed officer.

The Government set up temporary specimen collection stations in the "restricted area" yesterday and requested persons subject to compulsory testing to collect combined nasal and throat swab samples at the stations to undergo a COVID-19 virus test before 10pm yesterday. A total of about 1 200 persons had undergone testing. Amongst them, 202 tested preliminarily positive cases and 7 indeterminate cases were found and the Centre for Health Protection of the Department of Health will take follow up action. Regarding

cases tested preliminarily positive in the specified "restricted area", the Government will provide health advice for persons tested preliminarily positive pending admission to hospitals or isolation facilities and disinfection products to these persons and their household members pending follow up arrangement.

Moreover, the Government also assigned staff to visit about 530 households, among which 45 households did not answer the door. The Government will take measures to follow up.

The Government reiterates that enforcement actions will be taken seriously. Any person who fails to present an SMS notification with a test result as proof of having undergone testing breaches the compulsory testing notice and may be liable to a fine of \$10,000. The person will also be issued with a compulsory testing order, requiring him/her to undergo testing within a specified time frame. Failure to comply with the compulsory testing order or the "restriction-testing declaration" is an offence and the offender may be liable to a fine of level 4 (\$25,000) and imprisonment for six months.
