

# Government finishes exercise on “restriction-testing declaration” in respect of specified “restricted area” in Fung Tak Estate, Diamond Hill and enforcement operation for breaches of compulsory testing notice (with photo)

The Government yesterday (April 29) exercised the power under the Prevention and Control of Disease (Compulsory Testing for Certain Persons) Regulation (Cap. 599J) to make a "restriction-testing declaration" effective from 4pm that day, under which people (hereafter referred to as "persons subject to compulsory testing") within the specified "restricted area" in Diamond Hill (i.e. Toi Fung House, Fung Tak Estate, Diamond Hill, excluding non-domestic units on G/F) were required to stay in their premises and undergo compulsory testing. Persons subject to compulsory testing were required to stay in their premises until all such persons identified in the "restricted area" had undergone testing and the test results were mostly ascertained. All persons in the "restricted area" who had tested positive in the past three months, including positive cases identified either by nucleic acid tests that have been recorded by the Department of Health (DH) or by rapid antigen tests (RAT) that had been self-declared to the DH, were not required to undergo testing in this compulsory testing exercise.

Moreover, the Government issued a compulsory testing notice yesterday, requiring persons other than those specified above who had been present at the above building for more than two hours from April 23 to April 29, 2022, even if they were not present in the "restricted area" at the time when the declaration took effect, to undergo compulsory testing on or before May 1, 2022. The Government announced the completion of the compulsory testing exercise at around 7am today (April 30) and carried out enforcement action in the "restricted area" afterwards to verify that all people in the "restricted area" had undergone compulsory testing in accordance with the requirements of the relevant declaration and compulsory testing notice. The Government announced that the enforcement operation ended at around 9am today.

The Government provided food packs and necessity packs for persons subject to compulsory testing, so as to facilitate the meal arrangements and daily needs of some persons subject to compulsory testing. Anti-epidemic proprietary Chinese medicines supplied by the Central People's Government and rapid test kits were also provided to persons subject to compulsory testing to help them fight against the virus.

The Home Affairs Department also set up a hotline for people restricted by the declaration to make enquiries and seek assistance.
