

Government finishes exercise on “restriction-testing declaration” in respect of specified “restricted area” in Wan Chai and enforcement operation for breaches of compulsory testing notice

The Government yesterday (July 20) exercised the power under the Prevention and Control of Disease (Compulsory Testing for Certain Persons) Regulation (Cap. 599J) to make a "restriction-testing declaration" effective from 7.30pm yesterday, under which people (hereafter referred to as "persons subject to compulsory testing") within the specified "restricted area" in Wan Chai (i.e. Leon Court, 12-14 Wong Nai Chung Gap Road, Wan Chai) were required to stay in their premises and undergo compulsory testing. Persons subject to compulsory testing were required to stay in their premises until all such persons identified in the area had undergone testing and the test results were mostly ascertained. Moreover, the Government issued a compulsory testing notice yesterday, requiring persons who had been present at the above building for more than two hours from June 27 to July 20, 2021, even if they were not present in the "restricted area" at the time when the declaration took effect, to undergo compulsory testing on or before July 22. The Government announced the completion of the compulsory testing exercise at around 7am today (July 21) and carried out enforcement action in the "restricted area" afterwards to verify that all people in the "restricted area" had undergone compulsory testing in accordance with the requirements of the relevant declaration and compulsory testing notice. The Government announced that the enforcement operation ended at around 9.50am today.

In this exercise, the Home Affairs Department (HAD) (including the Wan Chai District Office), the Hong Kong Police Force, the Department of Health, the Food and Environmental Hygiene Department, and the Auxiliary Medical Service mobilised around 80 staff to arrange for implementation of the declaration and enforcement actions for breaches of the compulsory testing notice issued earlier.

The Government provided simple food for persons subject to compulsory testing, including canned food, cup noodles, biscuits, corn soup, etc., so as to facilitate the dinner arrangements of some persons subject to compulsory testing. One box of masks, hand sanitiser, tissue paper, etc., were also provided to each person subject to compulsory testing to help them fight against the virus.

The HAD also set up a hotline for people restricted by the declaration to make enquiries and seek assistance.
