

# Government updates list of places of recognised vaccination records

The Government announced today (March 14) that it has concluded discussions with the Government of Suriname to accept vaccination records issued by Suriname as recognised vaccination records for Hong Kong residents who have stayed in Group A specified places under the mechanism. The relevant arrangements will take effect at 0.00am on March 16 (Wednesday).

Suriname is currently a Group A specified place. From 0.00am on March 16, Hong Kong residents who hold a vaccination record issued by Suriname's relevant authorities in the prescribed format can board a flight for Hong Kong from Group A specified places. The vaccines administered for the relevant travellers have to be vaccines listed on the Government's List of COVID-19 Vaccines Recognised for Specified Purposes.

The Government has implemented stringent inbound prevention and control measures for travellers arriving at Hong Kong from overseas places. Travellers who have stayed in Group A specified places can only board a flight for Hong Kong if they are Hong Kong residents who are fully vaccinated and hold recognised vaccination records. Recognised vaccination records include (a) vaccination records issued by Hong Kong, (b) vaccination records or certifications issued by Mainland or Macao authorities or an institution recognised by Mainland or Macao authorities, (c) vaccination records or certifications issued by an authority or recognised institution of a country where its national regulatory authority is designated by the World Health Organization as a stringent regulatory authority, (d) vaccination records or certifications issued by a relevant authority or recognised institution of a country with which Hong Kong has reached a recognition agreement arrangement with its government, or (e) vaccination records issued by an organisation with which Hong Kong has reached a recognition agreement arrangement.

The list of places or organisations that are accepted for issuing recognised vaccination records is set out in the Annex, and will be uploaded to the Government's COVID-19 thematic website.

The Government will continue to discuss with other places the arrangements for the recognition of vaccination records, and will update the list as recognition arrangements are agreed with these places.
