

Guidance: Contracts for Difference, renewables obligation and small scale feed-in tariffs: companies awarded exemption or compensation

Updated: We have added details of companies awarded compensation for R0 / FIT in 2017 and those awarded an exemption from CFD for 2018.

The government has committed to publishing a list of those companies receiving compensation or relief for the indirect costs of CFD, R0 and FIT.

The CFD document lists companies awarded an exemption from indirect costs up until the end of August 2018. The R0 / FIT document lists companies awarded compensation up to 2017.
