

Guidance: River Thames accommodation licence: corporate tariff

Updated: Updated corporate accommodation tariff for 2018 to 2019

You need a River Thames accommodation licence for any structure on, in or over the river or cut into the river bank. Examples of a structure are jetties, pontoons, docks and slipways.

This tariff applies to all accommodation licences granted to corporate bodies of any kind, for example commercial companies, hotels, schools, yacht clubs, youth groups and residents associations.

There is an annual fee for an accommodation licence, which runs from 29 September each year.
