

Guidance: SR2015 No 1: onshore oil exploration

Updated: Added to 'details' section: You can apply online for most standard rules environmental permits.

Standard rule guidance and generic risk assessment for onshore oil exploration relating to drilling and coring of wellbores and well testing.

These rules show the criteria you must meet to have and continue to comply with a standard permit for this activity.

The WMP3: Waste management plan sets out the operational measures required for standard rule set SR2015 No 1 under mining waste directive requirements.

You can apply online for most standard rules environmental permits.
