

Guidance: Training materials: oil pollution, contingency planning, response

Updated: Updated the presentations to the latest for 2018-19

This OCPR course is for emergency planning officers in LAs and national government officers and covers all aspects of spill response from the LA perspective. It provides management staff with an overview of oil pollution response and how their roles and responsibilities fit into the NCP.

MCA does not provide training materials on the course. You should download and print off these files and bring them with you to the course.

- [LA] Local Authority
- [MCA] Maritime and Coastguard Agency
- [NCP] national contingency plan
- [OCPR] oil pollution, contingency planning and response
