The HAD made the above arrangements in the hope of identifying infected persons early.

People who obtained positive results through a rapid antigen test for the first time can make a report via the online platform Declaration System for Individuals Tested Positive for COVID-19 Using Rapid Antigen Test ([www.chp.gov.hk/ratp/](http://www.chp.gov.hk/ratp/)). If individuals encounter difficulties in using the online platform, they can call the automated system at 183 6119 to register their identification document and telephone number. The Centre for Health Protection will contact the relevant person later to finish the report procedure.

The Government appeals for the co-operation of members of the public to safeguard the health of themselves and their families by undergoing testing on a voluntary basis and fighting the virus together. The Government urges all individuals who are in doubt about their own health condition, or individuals with infection risks (such as individuals who visited places with epidemic outbreaks or had contact with cases that tested positive), to undergo testing promptly for early identification of infected persons to reduce the transmission risks of COVID-19.
