

HAD distributes complimentary COVID-19 rapid test kits to households, cleansing workers and property management staff in Yuen Long, Wong Tai Sin and Southern Districts

In light of positive test results for the COVID-19 virus from sewage samples collected in Yuen Long, Wong Tai Sin and Southern Districts, the Home Affairs Department (HAD) said today (October 3) that the Yuen Long District Office (YLDO), the Wong Tai Sin District Office (WTSDO) and the Southern District Office (SDO) have distributed a total of about 35 000 COVID-19 rapid test kits to households, cleansing workers and property management staff living and working in the Districts.

The YLDO distributed rapid test kits to households, cleansing workers and property management staff living and working in Central Park Towers and Central Park Towers Phase 2 for voluntary testing through the property management company.

The WTSDO distributed rapid test kits to households, cleansing workers and property management staff living and working in residential premises around Yuk Wah Crescent for voluntary testing through the property management companies and volunteers from local organisations.

In addition, the SDO also distributed rapid test kits to households, cleansing workers and property management staff living and working in Pok Fu Lam Terrace and World Fair Court for voluntary testing through the property management company and the owners' corporation.

The HAD made the above arrangements in the hope of identifying infected persons early.

Members of the public may refer to the demonstration video produced by the Centre for Health Protection (CHP) under the Department of Health (DH) via www.youtube.com/watch?v=yzFAUzTtmKk to learn how to use the rapid antigen test (RAT) kit.

Persons testing positive through an RAT should take a photo of the test result and declare the result within 24 hours via the Declaration System for Individuals Tested Positive for COVID-19 Using Rapid Antigen Test (www.chp.gov.hk/ratp). If members of the public encounter difficulties in using the online platform, they can call the automated system at 183 6119 to register their identification document and telephone number. The CHP under the DH will contact the relevant person later to complete the report procedure. There is no need to declare negative test results.

The Government appeals for the co-operation of members of the public to safeguard the health of themselves and their families by undergoing testing on a voluntary basis and fighting the virus together. The Government urges all individuals who are in doubt about their own health condition, or individuals with infection risks (such as individuals who visited places with epidemic outbreaks or had contact with cases that tested positive), to undergo testing promptly for early identification of infected persons to reduce the transmission risks of COVID-19.
