From September 1 to 30, the Home Affairs Department is running a pilot scheme to open five selected temporary night heat shelters (i.e. the above-mentioned five temporary night heat shelters marked with an asterisk) for people in need, regardless of whether the Very Hot Weather Warning has been issued by the Hong Kong Observatory.

For the 14 temporary night heat shelters not covered by the pilot scheme, their opening will still be subject to the issuing of the Very Hot Weather Warning. If the Very Hot Weather Warning remains in force at 4.30pm after being issued, the heat shelters will open from 10.30pm until 8am the next day. If the Very Hot Weather Warning is cancelled before 4.30pm, the heat shelters will not open overnight that day.

The temporary night heat shelters will resume their functions as community centres or community halls in the daytime for hire by the local community.

People may choose to take refuge from the heat during the daytime in the common areas of the designated community centres and community halls. For the addresses of these designated community centres and community halls, please browse the following document:
