

Have your say on transport

Dundee Voluntary Action and Dundee Health and Social Care Partnership are working together to see what accessible transport solutions can be created to help people with issues accessing public transport, to help them get out and do what they want to do.

There is clearly a gap in transport for people who do not drive and are not able to access public transport.

It is vital that residents who are elderly, disabled, frail and vulnerable have an accessible transport option to reduce isolation for the people who currently cannot get out and about.

A consultation is underway and it closes on 30th September – you can take part [here](#).

There is also a drop-in event at the Lime Street Sheltered Lounge from 2pm to 4pm on Tuesday 3rd October. All welcome!
