The HKMA has also made good progress on the other bond market-related initiatives:

- The HKMA is working with the Government in implementing the enhancements to the Qualifying Debt Instrument (QDI) Scheme by amending the existing law. The effective date of the enhancements, which would expand the profit tax exemption coverage\*, will be announced after the completion of legislative process.
- The HKMA has appointed an advisor to study relevant issues in respect of green finance in Hong Kong and the Government green bond issue and will report the findings to the Government. Subject to legislative process, the HKMA stands ready to assist the Government by selecting an arranger(s) to issue the inaugural green bond.
- The HKMA and the International Capital Market Association will co-host the Green and Social Bond Principles Annual General Meeting and Conference on June 14, 2018. The following morning, the HKMA and the People's Bank of China will organise a joint seminar on Mainland-Hong Kong green finance opportunities.

Commenting on these initiatives, the Chief Executive of the HKMA, Mr Norman Chan, said, "Bond market is an important and growing component of Hong Kong's capital markets. The slate of measures being rolled out, together with initiatives in recent years such as Bond Connect, will bring more diversity, liquidity and business to our market. We will work with market participants closely on the implementation of these measures and continue to promote the growth of Hong Kong's financial services sector."

\*The enhancements will extend the 100 per cent profits tax exemption from debt instruments with an original maturity of not less than seven years to instruments of any duration; and will allow debt instruments listed on the SEHK to become eligible as a QDI, in addition to instruments lodged and cleared by the CMU of the HKMA.
